Dear [REDACTED]

I've confirmed with a Foshan located manufacture called FeiFan, they can deliver [REDACTED] FFP2 masks in one week. These masks are CE and FDA certified. Please see attached for their quotation and pictures.

Please be noted that since other EU countries like [REDACTED] are also placing orders, FeiFan is not holding stock to anyone until they receive the deposit.

Purchasing terms:

Contract signing- 50% deposit of total contract value- producing orders- pay the rest 50% when leaving factory.

Questions:

Who will be the signing body, Embassy or VWS or?

Will we pay EURO or RMB?

How to arrange the shipment?

Thanks,

[REDACTED]
