Dear all,

Apologies, but I'm also involved in meetings this pm on COVID, I am sorry – initially there seemed a gap at 14:00 but this is now overtaken.

Of course a COVID-19 session is useful at ESCAIDE 2020 – perhaps with the theme: 'social distancing: from science to policy'. Another proposal is: 'Emergence of MenW in Europe: explaining the differences in Europe'

With best wishes,

[redacted]

Dear [REDACTED]

I will not make it for today's TC as my agenda is rapidly evolving in a time when we face urgent tasks and decisions on COVID-19 in France.

However, I took the time to read and comment the current proposals for the next ESCAIDE: please see the file here enclosed ; I added one proposal.

Please apologize and I will follow up shortly by e-mail.

Best regards,

[REDACTED]
