[REDACTED] and I have added the requested info to the spreadsheet I sent earlier today, see attachment.

We have adjusted the numbers to be prepared for 12 ICU beds with 12 ventilators for 30 days equaling 360 patient days.

Column G (question 2 and 3) : if it is red, we don't have sufficient stock for maximum capacity, if it is green we have sufficient stock

Column H (question 4) : when blank we are not sure of current stock availability conditions, all other fields are self-explanatory.

Fijn dat het er is!

Ik mis denk ik nog het antwoord op de geel gearceerde vragen?

Covid-19 op IC

1. Welke geneesmiddelen wilt u op de Intensive Care inzetten voor de behandeling van Covid-19 patiënten? Denk hierbij ook aan algemene IC medicatie zoals opiaten en noradrenaline.
2. Heeft u voldoende voorraad van deze geneesmiddelen?
3. Wat is uw huidige voorraad?
4. Kunt u deze voorraad nog aanvullen via uw normale leveranciers? Zo nee, welke geneesmiddelen verwacht u niet te kunnen krijgen?
