OK! We will let you know more once we hear from ECDC. Would be nice to have NL on board for the hospital network :-)

Thanks

Dear [REDACTED] 5.1.2e there are several hospitals that have shown an interest in doing studies, but not necessarily the hospitals that previously participated in I-MOVE-plus. We can further explore whether 1-2 hospitals are willing to conduct studies using the I-MOVE-COVID protocol.

Best regards,

Subject: Hospital NL

Dear colleagues

Through the I-MOVE ECDC contract, we may have funding to add hospitals to conduct I-MOVE-COVID studies (risk factors for severity and risk factors among HCW).

Would any of the former hospitals be interested in participating? Would RIVM like to join this ECDC funded component?

For the moment just informal conversations with ECDC colleagues; We have not yet received the specific request.

Happy Easter!
