Dear Sir or madam,

Hope you and your family are safe.

This is [REDACTED] 5.1.2e here.

Let's fight together to get through the COVID-19. We started to produce protective products before the end of 2019, while all products were expropriated by our government before. Now we can export disposal mouth-muffle, KN95 mask, N95 mask, protective clothing and other protective products, so we would like to do something for you and your country, please tell me what you need and quantity, and then we will offer you the best price.

Please feel free to contact me if you have any question.

Hope to get your reply soon.

Best regards,

[REDACTED] 5.1.2e
