Urgent Shipment of PPE

We

Philips Medical System Technologies Ltd.

5.1.2a

hereby certify that the items/products listed below are ordered and purchased by us from

Philips Medical Systems NL BV
 Veenpluis 4-6
 5684 PC BEST
 NETHERLANDS

The urgency for exporting protection equipment is in order to ensure that manufacturing of Philips CT does not stop. As CT is a critical element in COVID19 detection and Philips factory in Haifa Israel is a soul manufacturer of critical CT components and many of the complete CT systems, it is critical for Philips and for hospitals around the world that this factory continues operations

We hereby also certify that the items/products will not be used in the oil industry for:

- use in deep water oil exploration and production or;
- Arctic oil exploration and production or;
- Shale oil projects, including fracking, in Russia
