Dear [redacted] 5.1.2e
My gratitude for your help, this is tremendously appreciated by myself and my colleagues, the Dutch Ministry of Health, and all Dutch citizens! Once received, I will forward your updated list immediately to the National Center.

Some background for you, dr [redacted] 5.1.2e and your colleagues with respect to myself and our organization: I have a [redacted] 5.1.2e and [redacted] 5.1.2e and [redacted] 5.1.2e [redacted] 5.1.2e I am also [redacted] 5.1.2e [redacted] 5.1.2e

[redacted] 5.1.2e. For the COVID outbreak, we have installed a National Center for Patient Transport and Allocation. This center, situated at Erasmus MC under the umbrella of the Emergency Medicine Network, is 24/7 open and arranges the full match for every individual patient between referring and receiving center, including transport arrangements and transfer of medical data. It does so with a large team with support of the Dutch army.

Through this center, we greatly appreciate to be in contact with you and the individual hospitals that you list. I have provided the earlier list to the people who match individual patients, and will also do so again with any further updated list. I appreciate any feedback in the allocation, so that we can act optimally and efficiently. Once again my gratitude for the collaboration!

Best regards,

Ernst Kuipers
