Good morning, [REDACTED]

Thanks a lot.

Thanks, indeed, we can discuss more in details why the migrant workers were giving controversial answers, and how they are more at risk as they share accommodations arranged by the recruitment agencies. I guess these questions will come up in the Q&A. I'll also touch upon them in the poster discussion (if we are accepted).

Ok, I`m sending it to [REDACTED]

Wishing you a nice weekend,
 All the best,

Hi [REDACTED]

Thanks for the abstract, it looks good! Attached some suggestions. Especially the sentence about that none were symptomatic but four reported symptoms was a bit vague, I know what you mean but that's because I know the content of the questionnaire, for the reviewers that would raise questions I think. (Although it's maybe a nice discussion point that (migrant) workers probably lie about having symptoms to prevent being rejected from working and the fear of losing their job).

Best wishes,

[REDACTED]

Dear [REDACTED]

Hope you are well.

Please find attached the draft for our ESCAIDE abstract on the Vion outbreak. Could you please let me know if you have any comments/corrections?

After your comments, I will send it to [redacted] 5.1.2e for approval. I will also ask [redacted] 5.1.2e to circulate it to the partners (GGD, UU, EMC, etc) as the coordinator/main contact person.

The submission deadline is 14th September, so I am aiming to have it circulated internally at RIVM this week and to external partners next week.

Kind regards,

[redacted] 5.1.2e
