<b>Liability and Indemnification</b>	Warranties: We do not understand why there should be no warranty for the product, in particular for good manufacturing practices, etc.	Section 6 of the term sheet – Warranties: Release in compliance with the specification of the marketing authorisation granted by EMA and with EU Good Manufacturing Practices
	As you will be aware, the Commission will not be able to commit to new legislation by way of an advance purchase agreement. Any indemnification will have to be introduced in the contract.	Section 7 of the term sheet – Liability towards third parties and immunity/indemnification
