Prima! Toch goed te weten wat de eHN ontwikkelingen zijn op het gebied van de test/vaccinatie/immunitet bewijzen zijn.
 Dan laten we dit nu even voor wat het is.

Hoi [redacted]

Volgens mij hoeven we hier niets mee. Wij leveren alleen vaccinatiedata. Dit is de dataset die nodig voor een immunitetsverklaring op grond van een ziektegeschiedenis.

Groet,

Hallo allen,

[redacted] dank voor het doorsturen.

Als ik de guidelines lees gaan deze primair over testbewijzen.
 Wat bedoel je met impact hiervan op het vaccinatiebewijs?

Groeten,
