Subject: FW: PHIRI WP8 09 REF 15/03/2021 - Agenda

Hoi [redacted] en [redacted]

Hierbij weer een nieuwe ronde REF met deze keer 2 vragen.

Question 1: MENTAL HEALTH COVID-19 RELATED CASES

There are many reports pointing out the urgency of tackling mental health COVID-19 related cases: What are the main measures that MS are putting in place or planning to do so during 2021?

[redacted]

Question 2: SELF-TESTS

Has your country implemented self-tests carried out at home as a prerequisite for access to certain services/locations? (e.g. in order to go shopping or to be able to use services of daily living, such as visits to the hairdresser, etc.)

[redacted]

If yes,

- What conditions must be met in your country for self-tests carried out at home to be recognised by the authorities?
- Can or must the test results be passed on to e.g. authorities? If so, how is this done?
- Are there differences in the recognition of test results along the test procedures (e.g. rapid antigen test vs. PCR test) or brand-specific test parameters (sensitivity/specificity)?
- How long are the test results recognised by the authorities in your country (e.g. 24 hours/ 48 hours etc.)?

Groet! [redacted]

Subject: PHIRI WP8 09 REF 15/03/2021 - Agenda

Dear colleagues,

Please find enclosed the agenda for the next REF-meeting on **Monday, 15.03.2021**. When logging in for the meeting at

5.1.2h
 5.1.2h please kindly put your country or institutional affiliation (for stakeholders) next to your name.

Topics of the next meeting: Due to the equal number of votes, both of the following questions are going to be covered in the next REF meeting.

Question 1: MENTAL HEALTH COVID-19 RELATED CASES

There are many reports pointing out the urgency of tackling mental health COVID-19 related cases: What are the main measures that MS are putting in place or planning to do so during 2021?

Question 2: SELF-TESTS

Has your country implemented self-tests carried out at home as a prerequisite for access to certain services/locations? (e.g. in order to go shopping or to be able to use services of daily living, such as visits to the hairdresser, etc.)

If yes,

- What conditions must be met in your country for self-tests carried out at home to be recognised by the authorities?
- Can or must the test results be passed on to e.g. authorities? If so, how is this done?
- Are there differences in the recognition of test results along the test procedures (e.g. rapid antigen test vs. PCR test) or brand-specific test parameters (sensitivity/specificity)?
- How long are the test results recognised by the authorities in your country (e.g. 24 hours/ 48 hours etc.)?

If you want to provide your input but cannot participate on Monday, please **send your information** by email

(5.1.2e @goeg.at). If you have **specific topics or questions** you would like to include to the **voting** for discussion in the course of the upcoming meetings, please email them to 5.1.2e @goeg.at.

Any **feedback on the REF meetings** is highly welcome. Please contact us at 5.1.2e @goeg.at!

Kind regards,

5.1.2e 5.1.2e and 5.1.2e for the WP8 Rapid Exchange Forum Secretariat
