H [redacted]

[redacted] [redacted] neemt over twee weken deel aan de Europese IANPHI vergadering. Mij is nu gevraagd om binnen het CIB uit te vragen wat het CIB doet op het gebied van "Digital Public Health Systems" en "COVID-19 and applications of Digital Public Health". Ik krijg niet echt een goed beeld van wat ze daar precies mee bedoelen... jij wel? Ook als het gaat om de onderwerpen "vaccination strategies", "digital responses to COVID-19", "development of digital laboratory-based surveillance for COVID-19 in France" en "genomic sequencing of COVID-19" kan ik me maar deels een verband met health information systems voorstellen (bijvoorbeeld systeem voor vaccinregistratie, maar dat is niet hetzelfde als vaccinatiestrategie, de BCO-app, maar daar loop ik al wel een beetje vast...).

Heb jij hier een beeld bij?

Thanks en groetjes!

Hoi [redacted]

Afgelopen teamoverleg hebben we uitgebreid bijgaand programma besproken. Daarop staat op dag twee in de ochtend Digital Public Health Systems en 's middags COVID-19 and applications of Digital Public Health.

Zou jij bij CIB willen uitvragen wat RIVM daarop doet voor een korte annotatie voor Hans?

Zie hieronder de deelnemers in de sessie:

This open discussion featuring presentations from IANPHI members will introduce the opportunities and challenges of developing integrated health information systems for public health and NPHIs.

[redacted] [redacted], Israeli Ministry of Health - on vaccination strategies

[redacted] [redacted] on digital responses to COVID-19

[redacted] [redacted] on development of digital laboratory-based surveillance for COVID-19 in France

[redacted] [redacted], Public Health England - on genomic sequencing of COVID-19

Binnenkort zal [redacted] [redacted] met [redacted] [redacted] overleggen waar hij bij kan/wil zijn.

Groet,

[redacted]

Subject: Invitation to Register: IANPHI European Network Meeting - 21-22 April

Dear IANPHI European Network members and partners,

The invitation to register to the IANPHI European Meeting below with the programme attached.

Dear IANPHI European Network members and partners,

Following February's "save the date" message, we're pleased to invite Directors and senior-level staff to the **2021 IANPHI European spring network meeting on 21-22 April**, hosted by the Estonian Institute for Health Development.

Please find below the four links to register to the morning and afternoon sessions of the IANPHI European meeting. You will be able to download calendar invitations after registering to all sessions you wish to attend.

A compelling programme has been prepared including discussions on regional collaboration, IANPHI's strategic priorities, digital public health and COVID-19. Please find attached the draft agenda for the IANPHI European meeting.

Thanks to the support of the Estonian Institute for Health Development, simultaneous Russian ⇄ English interpretation will be available during the meeting.

One of the sessions will be dedicated to sharing and discussing members' medium-term strategies for their institutes, including and beyond COVID-19. **We would appreciate receiving by 12 April your suggestions of topics for this discussion.**

Registration links (register to each session you wish to attend) :

Wednesday 21 April 10 :00 – 12 :00 CET, Business and Strategic Meeting:

5.1.2h

Let us know if you need any further information.

We are looking forward to seeing you!

Kind regards,

The IANPHI Secretariat

International Association of National Public Health Institutes
