Dear Dr. [REDACTED] [REDACTED],

Were you interested in discussing how your work might fit into the COVID-19 session?

The congress is November 11-13 in Vienna, as well as online. I would be happy to send more details or answer any questions you may have.

Best Regards,

[REDACTED] [REDACTED] [REDACTED]

Subject: would like to discuss your COVID-19 work

Dear Dr. [REDACTED] [REDACTED],

I am hoping we can have a discussion about your COVID-19 work. Your paper from a while ago was particularly interesting for me: "Incubation period of 2019 novel coronavirus (2019-nCoV) infections among travellers from Wuhan, China, 20-28 January 2020".

COVID-19 is one of the core sessions I am planning for The European Society of Medicine's annual congress this November. I was thinking that your work would fit well into the session and that you might consider coming to Vienna to give a talk. Alternatively it could be an online presentation.

Can we discuss this idea?

Best Regards,

[REDACTED] [REDACTED] [REDACTED]

European Society of Medicine
[ESMED Congress 2021](#)
