Onderwerp: HSC audio meeting 16/3/21: documents for agreement

Dear Members of the Health Security Committee,
Dear colleagues,

Please find enclosed two documents in preparation of our HSC meeting of today, 16 March:

1. A final draft of the **HSC discussion paper on possible uses for COVID-19 interoperable certificates**

This document has been updated to include comments received from several Member States, as well as ECDC. The document is being disseminated for final approval.

2. A draft of the **updated Annex II of the common standardised set of data to be included in COVID-19 test result certificates**.

This document has been updated based on comments received from 8 MS, and sets out six concrete points that should be further discussed during the HSC meeting. These four points have been highlighted in yellow in the document enclosed.

Kind regards,

HSC Secretariat
