Dear 5.1.2e

Appendix C should include information on measures taken to ensure that only authorized personnel will have access to the data (e.g. UMCU general measures, and password protected files), and to ensure that data cannot be stolen or stored somewhere else, whether and how back-ups are made, that RIVM will be informed in case a breach occurs, etc.

Clause 3.9 does not mean that the data cannot be published with the paper, but that RIVM is informed about what will be published and consents to it. It's an extra check.

Hope this is clear.
Best wishes,
5.1.2e

Dear 5.1.2e

I have checked with the ICT department but they are also not sure which details you want to be included exactly in the Appendix C. Can you please clarify?

Kind regards,

Please find attached the document with proposed changes. If you can check those and add details on appendix C, I will send to the 5.1.2e immediately afterwards.

Dear 5.1.2e

is there any update regarding our application? As it is necessary for our ongoing work on COVID-19, we of course would like that the data-sharing agreement is formalized as soon as possible. Please let me know whether I need to do something else for our application and, if you have any insight, when we will get the data.
