

Voorbeeld Engelstalige informatiebrief voor categorie 2-contacten – internationale treinen

Dear Sir or Madam,

You are a close contact of someone with coronavirus. A person that tested positive for COVID-19 took the **name train** on **date** at **time** from **location** to **location** and was in **compartment/coupe number**. According to our information, you were seated close to this person, e.g. 2 rows front, back or sideways. We received your e-mail address from the train operator

This letter contains important information for you. As you are at risk of becoming sick up to 10 days after the last contact with this person, you will have to remain home and quarantine till the **end date quarantine**.

In the attached letter (**enclose up-to-date LCI letter: <https://lci.rivm.nl/covid-19-nauwe-contacten-EN>**) you can find more information about the Dutch guidelines. Please follow these guidelines until 10 days after the travel. It is important that you follow these guidelines. This prevents the virus from spreading further and people around you from getting coronavirus. This is especially important for people who are 70 years of age or older or people who are extra vulnerable to this disease for other reasons.

Kind regards,

Sender
