Subject: Notification of COVID-19 in a Passenger - CDC ID 255741 _ Netherlands

Received: Thur 10/8/2020 4:02:07 PM

255741 Index case info.pdf

Dear National Focal Point of the Netherlands,

The following information is provided to you by the Division of Global Migration and Quarantine, Centers for Disease Control and Prevention, United States for public health follow up as you deem appropriate. CDC is providing this information to you under Article 44 of the International Health Regulation (IHR2005) - Collaboration and Assistance.

I am writing to inform you of a passenger who traveled while infectious with COVID-19, based on clinical history and time of travel. The attached document includes information about the flight that was inbound to your country and the ill passenger's name. The document is password-protected; I will send the password separately.

Clinical History:

The Centers for Disease Control and Prevention received a notification from foreign Centers for Disease Control and Prevention office regarding a male passenger who traveled aboard commercial airline on September 30, 2020. Although he received a negative test result on September22, 2020 reportedly, a specimen submitted on September 28th for repeat pre-travel PCR/antigen testing resulted positive.

Sincerely,

5.1.2e

Centers for Disease Control and Prevention Division of Global Migration & Quarantine
