Subject: RE: AMR request from the [redacted] 5.1.2a

Dear [redacted] 5.1.2e

Thanks for your email. Yes, yesterday I had contact with [redacted] 5.1.2e and we have scheduled a TC this afternoon to discuss the issue.

But as I am writing you... I would like to take the opportunity to ask you something about COVID.

NB: my colleague [redacted] 5.1.2e is today absent, so I am not sure if he has already asked you this questions. In this case, please ignore my email.

Yesterday the Dutch press published an article stating that UK government is making use of laboratories ("Unilabs" was mentioned) in Abu Dhabi for the corona tests, so samples are being transported by plane from UK to Abu Dhabi.

- Do you have an agreement with Unilabs Abu Dhabi (or any other lab) and are you sending samples of your citizens to UAE?
- And / or are these private initiatives? What is the position of the government?
- How have you ensured data protection/privacy aspects?

Thanks in advance!

Best regards
