Subject: Proposal I-MOVE-COVID-19 submitted

Dear all,

we have just submitted the I-MOVE-COVID-19 proposal that includes 20 part. Fingers crossed!

We attach the documents for your reference. Thank you so much to all for your contribution, for sending all documents on time in a period in which you are all EXTREMELY busy (and excuses for sending so many emails and putting some pressure). We have tried to include all suggestions received and apologies if some of them were not integrated but we really had very little time to finalise the proposal. We will know the results of the evaluation in one month. If we are successful, the first thing to do will be to review all the tasks and work plan and adapt them to the Covid-19 situation in April.

In these last 10 days, I-MOVE partners have shown how rapidly they can MOVE and work together even during a public health crisis situation!

MERCI BEAUCOUP to
