Subject: Manuscript SARS-CoV-2 slaughterhouse transmission environment

Dear co-authors.

Many thanks to all for your feedback! Hereby the updated version of the manuscript

'Potential environmental transmission routes of SARS-CoV-2 inside a large meat processing plant experiencing COVID-19 clusters'

As we want to submit it to EID (word count max 3500), the text has been considerably condensed and methodological details moved to the supplements.

I am planning to submit the manuscript on Tueday 25th, if you have any comments please send them before then.

Some requests, could you please:

< 5.1.2e @erasmusmc.nl>
Cc: 5.1.2e, 5.1.2e (5.1.2e) < 5.1.2e @uu.nl>
