Doe maar droogijs. Vind ik toch veiliger ivm blootstelling aan wisselende temperaturen tijdens transport.

Mvg

Hi [redacted] 5.1.2e
 Thank you, for keeping me in the loop.....
 We will send you two vials of full virus RNA of SARS-CoV/Frankfurt 1?
 Can you please provide your address?
 Would you prefer the RNA to be send on dry ice? blue ice? or RT?
 I think all three options will ok.

Best [redacted] 5.1.2e
