OFFICIAL

5.1.2e

Should also have said that if there are any arrangements to work together/collaborate share information about scientific approaches, we are keen to be part of this. We have obviously worked well with 5.1.2e and yourselves before, so would wish to maintain those connections

Best wishes

5.1.2e

5.1.2e

Greetings and happy new year. New year new virus. Just what we need. Pan corona Diagnostics available now from teAm at Colindale but will need to develop specific tests as soon as sequence available. It will be handled within PHE by respiratory reference lab. Delighted to be involved and provide advice but hesitant to offer to deal with other EU countries samples BRexit is a complication

Dear 5.1.2e

ECDC wishes for EVD-LabNet to communicate with it's members about the diagnostic response to the novel Coronavirus in China.

Please see below the proposal for the communication. My request to you is whether PHE wants to be involved in the way indicated below.

Please let me know asap. Really appreciated. Any further comments are welcome. I was advised to approach you as it concerns a coronavirus. I cc the EVD-LabNet members of PHE.

Best wishes 5.1.2e
