My dear ...it's me again.

I have attached you the diagnostic testing part of last week's Risk assessment which needs to be updated until Wednesday.

Could you have a look at the comments of 5.1.2e 5.1.2e

I agree with her that soon the case definitions and the link to Wuhan will become irrelevant and there will be a big challenge for the clinical laboratories.

Are you aware or even involved in WHO discussions on an diagnostic algorithm ?

This will be so challenging in times of influenza.....
