[DSA RIVM UMCU NICE data request final signed 20210430.pdf](#)

Dear 5.1.2e

Please find attached the data and the final DSA. Based on the advice of the PO we could leave appendix D out of the DSA.

The data are those as downloaded at RIVM as of this morning. Please mind that there is a reporting delay, such that data for the last couple of days are not complete. Based on history, the completeness is approximately 80% for admissions on Wednesday 28 April and 90% for admissions on Tuesday 27 April. There are some cases for which age or province of residence is unknown (if no BSN is filled out in the NICE registry). Hope all is clear and good luck with your analyses, looking forward to seeing the results.

Best wishes,

5.1.2e

**Subject:** RE: NICE data application

Dear 5.1.2e

Appendix C should include information on measures taken to ensure that only authorized personnel will have access to the data (e.g. UMCU general measures, and password protected files), and to ensure that data cannot be stolen or stored somewhere else, whether and how back-ups are made, that RIVM will be informed in case a breach occurs, etc.

Clause 3.9 does not mean that the data cannot be published with the paper, but that RIVM is informed about what will be published and consents to it. It's an extra check.

Hope this is clear.

Best wishes,

5.1.2e

Dear 5.1.2e

I have checked with the ICT department but they are also not sure which details you want to be included exactly in the Appendix C. Can you please clarify?

Kind regards,

5.1.2e

Dear 5.1.2e,

Please find attached the document with proposed changes. If you can check those and add details on appendix C, I will send to the privacy officer immediately afterwards.

Best wishes,

5.1.2e

**Subject:** Re: NICE data application

Dear [REDACTED] 5.1.2e

is there any update regarding our application? As it is necessary for our ongoing work on COVID-19, we of course would like that the data-sharing agreement is formalized as soon as possible. Please let me know whether I need to do something else for our application and, if you have any insight, when we will get the data.

Kind regards,

[REDACTED] 5.1.2e
