[DSA RIVM UMCU NICE data request draft GR_MB_RIVM.docx](#)

Hallo,

Hierbij een dataverzoek vanuit het UMCU, dat door [REDACTED] 5.1.2e en [REDACTED] 5.1.2e al is goedgekeurd. De DSA wordt nog gecheckt door de privacy officer, maar zouden jullie dit alvast voor kunnen bereiden, zodat het uitgedraaid kan worden op moment dat het akkoord is? Mogelijk dat dat deze week nog gebeurt, maar daar heb ik geen zicht op.

- The number of people hospitalized daily, from Feb 27, 2020 until the most recent period available, per FIRST date of admission into hospital, broken down as follows:
- per age of hospitalized patient –in age bins : 1) ages [0,10), [10,20), [20,30),, [80,90), [90+) and 2) separately the age bins [0,4), [4,12), [12,18), and the rest of the population.
- per province (not the location of admission, but residency of the patient).

Bedankt alvast en groeten,

[REDACTED] 5.1.2e

Subject: RE: NICE data application

Dear [REDACTED]

Appendix C should include information on measures taken to ensure that only authorized personnel will have access to the data (e.g. UMCU general measures, and password protected files), and to ensure that data cannot be stolen or stored somewhere else, whether and how back-ups are made, that RIVM will be informed in case a breach occurs, etc.

Clause 3.9 does not mean that the data cannot be published with the paper, but that RIVM is informed about what will be published and consents to it. It's an extra check.

Hope this is clear.

Best wishes,

[REDACTED]

Dear [redacted]

I have checked with the ICT department but they are also not sure which details you want to be included exactly in the Appendix C. Can you please clarify?

Kind regards,

Dear [REDACTED]

is there any update regarding our application? As it is necessary for our ongoing work on COVID-19, we of course would like that the data-sharing agreement is formalized as soon as possible. Please let me know whether I need to do something else for our application and, if you have any insight, when we will get the data.

Kind regards,
