**Subject:** [EUPHA-GB] WCPH 2020 Invitational call for abstracts on Covid-19

Dear colleagues,

In view to the current challenges faced by the COVID-19 pandemic, WCPH 2020 invites abstract submissions for a special call on 'Global public health and COVID-19'. The congress will feature a special track with live workshops on the Covid-19 pandemic. The congress programme allows only a limited number of abstracts from this call. We therefore addressed our call to the member associations of EUPHA and WFPHA, our international partners and a number of prominent institutions worldwide.

Abstracts are considered in one or more of the following topics:

- Public health responses and government measures to combat the Covid-19 pandemic
  - Community-based health care, including outreach and campaigns, during the Covid-19 pandemic
  - The Covid-19 pandemic and human rights
  - Impact of the coronacrisis on national health systems
  - Coronavirus and mental health
  - The post-Covid-19 future of public health
  - Communication and misinformation in times of a pandemic
  - New approaches to research needed after the Covid-19 pandemic
  - Training the health workforce for the next pandemic

Abstracts can be submitted for workshops or for single presentation. Only a limited number of abstracts can be selected and admitted to the congress programme. Highest scoring single abstracts will be combined in workshop sessions. All submitted abstracts will be reviewed by the Congress Management Committee.

All abstracts must follow the general abstract submission guidelines. To submit your abstract please [click here](#). Only abstracts submitted through the online submission panel will be considered. Technical details about the format of workshops and presentations will be provided later.

**The deadline is 20 June 2020 at 18:00 PM CET. Notification by 29 June 2020.**

We look forward to receiving your abstracts.

Best wishes,

5.1.2e
