Dear Health Security Committee and Joint Procurement Agreement Steering Committee,

This is just a kind reminder of the below deadline to provide this information by today, Friday the 8th May at 17.00, to express interest in the second instalment of 1.5 million KN95 masks.

Kind regards,

HSC Secretariat

Subject: PPE - Masks Update

Dear Health Security Committee and Joint Procurement Agreement Steering Committee,

As a follow up, we invite countries to proceed with the below steps, to express interest in the second instalment (1.5 million) of the KN95 masks purchased by the Commission:

1. Express your needs for these masks. As was presented previously, the Commission will be using the ECDC allocation methodology and, as such, we ask you to complete the attached spreadsheet.

The Commission will then compile and advise the allocations based on the needs that have been expressed by countries.

2. Provide the following information:
 - Delivery address with contact person for the goods reception
 - Acceptance times and the information whether the warehouse has a truck ramp or whether the trucks with a lifting platform have to be transported - or according to other requirements
3. Provide this information by **17.00 Friday, 8th May**. Due to the delivery requirements, we are strictly not able to process any further requests for this second instalment after this deadline, as air cargo capacities are reserved, and we also highlight that we cannot proceed with processing any requests without the above information.

Please understand that for this second instalment, it comprises 1.5 million masks, which will be allocated to countries that provide the above mentioned information. We will be in touch as soon as possible on delivery scheduling for this second instalment.

Thank you.

Regards,
