Dag [5.1.2e]

Goed om elkaar om 10.30 u te spreken. Zie ook mijn mail van zonet.

Mbt de stukken tot nu toe: hebben een wat hybride karakter want houden het midden tussen factsheet en gespreksnotitie. Goed om dat te uit elkaar te trekken. Verder mis ik concrete gesprekpunten: wat vinden wij dat Hugo met dit gesprek moet bereiken? Tot over ¾ uur!

Onderwerp: Meeting de Jonge, [5.1.2e] 15 mei

Dear [5.1.2e]

Please see attached the documents I have so far for the contribution of IZ to the meeting of [5.1.2e] and De Jonge. Let's discuss tomorrow morning. Hopefully at 10.30. We should also talk about the format. I will try to contact [5.1.2e] tomorrow morning before our talk.

I promised [5.1.2e] the following:

- 1) grensoverschrijdende samenwerking en opvang van Nlse patienten in Duitse ziekenhuizen
Attached the last version, still in track and trace.
- 2) the different corona-measures in Germany and NL with special regard to the mouth masks
Attached the overview on the mondkapjes. I did not find an overview on the German regulations so far, in Dutch or English. But, [5.1.2e] aren't there documents from BZ in Dutch on this? Maybe we can talk about this tomorrow morning.
- 3) the European discussion on research concerning corona
[5.1.2e] made the third attachment. He also made an addition on the digitale samenwerking.

Besides that after talking to [5.1.2e] I think we should add the information I added as fourth attachment in case [5.1.2e] mentions it. [5.1.2e] will also send me the report afterwards.

Talk to you tomorrow,

[5.1.2e]
