2. SUPPLY KN95 – EN 149 (CPA) masks

Substitution of the 3M 1860 -N95 masks for the KN95 Dekra certified (EN149-CPA masks) from our certified Chinese manufacturer on Chinese white list.

These are in terms of the regulatory accepted masks the equivalent of the 3M 1860 N95. These are much more cost effective and we can consider exchanging the 5.5 for these, however the payment and shipment conditions differ. We have three manufacturers which we contract and are able to supply within 14-20 days the full amount. This option is provided below:

3. 3M NETHERLANDS – 5.1.1c masks (possibility to be clarified).

Nedshield has been in discussion with 3M Netherlands directly (5.1.2e : mobile 06- 5.1.2e to discuss the

substitution of the 1860 mask which are not normally regulatorily accepted in the EU (and therefore 3M will not deliver these at all). What has been mooted as an option by 3M is the supply directly by 3M of the Type 5.1.1c face masks). This option will be clarified in the next week and we (Nedshield) have indicated that we are willing to discuss this option and making a suitable commercial arrangement if indeed the quantities could be delivered. We do see however that this option will take a few weeks to organize and is not certain.

4. Cancellation Agreement Penalty

We have managed to agree with the suppliers and brokers of the cancelled delivery to accept a lower cancellation fee and as such we are able to reduce the 2.6% penalty to 2.15% which then provides a final settlement amount of Euro 5.1.2e. Should the Ministerie van Volksgezondheid, Welzijn en Sport wish to pursue this option as a settlement and agree to the cancellation amount, Nedshield will consider this only if executed by the 3rd June 2020.

We hope that the above will provide you sufficient information on which you can base your decisions for going forward. We will need to have a decision on the above from our side Friday this week as we will once again lose our production slots and available stock and we have secured the above offers until 12:00 CET on Friday.

We look forward to receiving your response.

Kind Regards

Dear [REDACTED] 5.1.2e

Last Wednesday May, 20, 2020 we had a meeting in which we discussed the agreement of March,19 2020 about the sale of [REDACTED] 5.1.1c face masks relating to the fight against and containment of the COVID-19 virus. Two months after the agreement we still did not receive any of these masks. Multiple times we have been given promises that the agreed masks, or the alternatives that were offered, were ready for shipment but every time those promises failed to materialize. Therefore, Nedshield failed to fulfil its obligations and was in default and as a consequence we cancelled (in Dutch: ontbinden) the agreement (Article 6:265 of the Dutch Civil Code) as far as it still existed.

During the meeting you informed us about the circumstances and suggested to send us a new proposal for the sale of masks, and that you would send it last Friday before 17:00 hours at the latest. According to you the masks were ready for shipment. We informed you that we were prepared to consider your new proposal. Last Friday however, you informed us that you were not able to finalize the proposal because of the public holidays and that you would forward the proposal to us this week as soon as possible.

We are of the opinion that we have given you enough opportunity to offer a new proposal. We do not want to start all over again and see a repetition of last months' course of events. Therefore this is the last opportunity: if we have not received your proposal at the latest on **Tuesday May, 26. 2020 before 17:00 hrs (our time)** , we are no longer prepared to consider your new proposal.

Kind regards,

Met vriendelijke groet,

Dear [REDACTED] 5.1.2e

Following our meeting on Wednesday last, I undertook to provide a response and updated/revised proposal to you in light of solving the current issue by 1700 today.

Due to the fact that yesterday was a national holiday and that we found that our supply lines contacts were for the most away today – including even 3M itself, we have not been able to finalize any proposal to you as it needs their confirmations and approvals.

I have been asked to revert back next week when these people are back in the office and things can be picked up.

As such I will forward as early as possible next week the proposal.

Regards
