Dear 5.1.2e

Through the Ministry of Health, Welfare and Sports (5.1.2e) the Dutch National Consortium for Medical Supplies has received your e-mail with the offer for mouthmasks.

Thank you very much for your offer for protective masks. After examining your offer we have come to the conclusion that we can't accept it.

This has two reasons. The offer is not in accordance with the price that we can accept at the moment. Secondly the policy on purchasing protective masks and clothing has been adjusted. Currently we have access to a wide range of suppliers that provide us with good quality protective clothing. As we are a temporary organisation we want to work as efficient and effective as possible. That is because why at the moment we prefer to deal with the current suppliers when we need to expand the purchases.

Never the less we appreciate your effort to help us with search for protective clothing.
If in the future we would like to make use of your offer or network we will certainly get into contact with you.

With kind regards,

5.1.2e
