

File No: CE-TCF-001

**EC Declaration of Conformity****Regarding In Vitro Diagnostic Directive (98/79/EC)****Manufacturer**

Manufacturer: JINHUA NOKE BIOTECHNOLOGY CO., LTD

Address: 604 1#-1 Research Building, Xianhua Technology Park, No. 589 Longtan Road,
Wucheng District, Jinhua 321000, Zhejiang, China**Product**

Name: pipette, stirrer, centrifuge, pipette tips, pasteur pipette, cryogenic vials, cryotube racks, cryogenic freezer storage racks, centrifuge tube, centrifuge tube rack, test tube, test tube rack, serological pipette, media bottle, culture flask, petri dish, culture plate, Vacuum blood collection tube, urine cup, stainless steel sieve, syringe filter, beaker, measuring cylinder, volumetric flask, flask, funnel, glass pipette, reagent bottle, condenser tube, glass adapter, glass dropper, microscope slide, Magnetic stir bar, washing bottle

Model: see Annex

We confirm our product can meet the requirement of In Vitro Diagnostic Directive and the following harmonized standards.

EN ISO 14971:2016
EN ISO 18113-1:2011
EN ISO 18113-3:2011
EN ISO 15223-1:2016

Date: 2020/8/11

Annex

Product Name	Model
pipette	single change, 8-channel, 12 channel
stirrer	magnetic stirrer; magnetic stirrer with hot palte; overhead stirrer
centrifuge	mini centrifuge; high speed centrifuge; low speed centrifuge; hematocrit centrifuge; clinical centrifuge,
pipette tips	10ul-10ml
pasteur pipette	0.2ml-23ml
cryogenic vials	0.5ml-10ml
cryotube racks	25", 50", 81", 100"
cryogenic freezer storage racks	customized
centrifuge tube	0.2ml-100ml
cenrifuge tube rack	25 well- 100 well
test tube	specification 10*75-40*200 or customized, rim or without rim, cap or without cap
test tube rack	common 15 wells to 50 wells or any customized
serological pipette	0.1ml-100ml
media bottle	50ml-1000ml
culture flask	T25-T225, filter cap, plug cap, vented neck, straight neck, TC treated, non treated
petri dish	35mm~245mm, 1-4 rooms, treated or not
culture plate	6-96 wells, flat bottom, u bottom, V bottom
Vacuum blood collection tube	<ol style="list-style-type: none"> 1. Ordinary serum tube red head cap 2. Fast Serum Tube Orange Red Head Cover 3. Golden head cap for inert separation gelling tube 4. Sodium citrate blood sedimentation test tube black head cap 5. Sodium citrate coagulation test tube light blue cap 6. Heparin anticoagulant tube green head cover 7. Light green head cap for plasma separation tube 8. Potassium oxalate / sodium fluoride

	gray head cap 9. Purple head cap of EDTA anticoagulation tube
urine cup	20ml-250ml screw cap or press cap or no cap with spoon or without
stainless steel sieve	customized
syringe filter	diameter customized, pore size: 0.1um-10um
beaker	5ml-
measuring cylinder	5ml-
volumetric flask	A class, B class, 5ml-
flask	5ml- flat bottom flask, round bottom flask, conical flask, boil flask, filter flask...
funnel	Common funnel, Buchner funnel, long neck funnel, short neck funnel, separatory funnel and sand core funnel, glass plate funnel
glass pipette	volumetric pipette, measuring pipette, pasteur pipette/ A class and B class
reagent bottle	wide mouth bottle and narrow mouth bottle clear and brown; frosted or not with dropper and without dropper
condenser tube	Reflux condenser, Allihn condenser, straight condenser, Serpentine condenser, frosted condenser
glass adapter	as required. standard mouth
glass dropper	0.5ml-10ml, 50mm-200mm, as customized
microscope slide	7101-7111
Magnetic stir bar	A type, B type, L type, C type, H type, HL type, cross-shaped, octadentate-shaped
washing bottle	Economic bottle washing, safety bottle washing (distilled water washing, toluene washing, ethanol washing, methanol washing, acetone washing, isopropanol washing, sodium hypochlorite washing), solvent resistant washing, Plastic bottle washing (red) (ie red mouth washing bottle), Porous gas washing bottle
