Dear All

I tried my best to accomodate you all since today you came in my office to discuss the deal for the masks.

You went away in rush telling me that the deal was off because you wanted to pay it all at the reception of the goods in the Netherlands Thing for me impossible because I cannot be responsible for the shipment as I am not a shipping company.

Later today 5.1.2e called me back telling that you wanted to enter the deal again and during the evening I would have close the contract with a state entity.

Now is after midnight and nothing happened.... again and as i told you minutes are precious and we have thousand people in need of the masks and I cannot keep any stock steady anymore... I did already too much and without any response....

We need to answer many deals and the only think we signed is your Percentage agreement with no any contract that followed.

For this reason the masks are still on the open market and they will remain on the market at anyone disposal until when/if it will be signed a formal contract.

I am not in condition to hold any number of piece without a proper contract nor a downpayment

Kind Regards
