Hi [redacted]

From searching 'L&M' and 'Marlboro' in the data with the menthol list you suggested:

- There were 12 cigarette products with menthol ingredients.
- There function category was all 'Flavour and/or Taste Enhancer'.
- There were no new product came into market in 2024.

Met vriendelijke groet,

[redacted]

Hi [redacted]

Can you search for the following cigarette brands Marlboro and L&M?
 These two are the major brands of Philip Morris.

Met vriendelijke groet,

[redacted]

Hoi [redacted]

I do not have access to EU-CEG website itself. I only have those data collected and saved by [redacted].
Due to this I cannot filter out products based on the company. For HTP I searched with name 'HEET' and 'TEREA' for searching but for cigarettes I'll need brand names (ex. Marlboro) to search further.

Met vriendelijke groet,

[redacted]

Hi [redacted]

Thank you very much.

Philip Morris can be in EU-CEG as PMI.
The main products PMI is producing are cigarettes and tobacco sticks for heated tobacco products (HTPs).

If you limit the search to cigarettes and tobacco sticks and look for components Menthol (CAS#: 1490-04-6), L-Menthol (CAS#: 2216-51-5 or 98167-53-4), DL-Menthol (CAS#: 89-78-1 or 15356-70-4 or 15356-60-2), will this help to limit the number of products?

Met vriendelijke groet,

[redacted]

Subject: RE: data EU-CEG

Hi [REDACTED]

- Did Phillip Morris report menthol in HEET sticks, and if so, what did they report as function of menthol?
: When checked products with name 'HEET' or 'TEREA', there were 14 products that has 'L-menthol (CAS 2216-51-5)' in them with function as 'Flavour and/or Taste Enhancer'.
: Among them, 1 item 'TEREA CLASSIC GREEN' was newly registered in 2024.
- Did Phillip Morris report menthol in any of their products, and if so, what did they report as function of menthol?
: For this data, I need to know what products belong to [REDACTED] as the company name is not integrated in the EU-CEG dataset I have. [REDACTED] may know how to check them but he's not working today it seems.
I can try to search with popular names like Malboro, Parliament, Zyn, or any other names you suggest.
- What is the general function of menthol reported in EU-CEG by all tobacco product manufacturers?
: If I search with any ingredient with 'menthol' in their name (not an official CAS name, just what manufacturers registered) and the function they chose, many are function 'Flavour and/or Taste Enhancer'.
Other categories used are:
 - Combustion Modifier
 - Casing
 - Filter Component
 - Filtration Material
 - Humectant
 - Solvent - Processing Aid
 - Smoke Colour Modifier
 - Smoke Odour Modifier

These are what I could find so far. Let me know what you think.

Met vriendelijke groet,

[REDACTED]

Subject: data EU-CEG

Dear 5.1.2e

Can you please check EU-CEG data for the following items:

- Did Phillip Morris report menthol in HEET sticks, and if so, what did they report as function of menthol?
- Did Phillip Morris report menthol in any of their products, and if so, what did they report as function of menthol?
- What is the general function of menthol reported in EU-CEG by all tobacco product manufacturers?

Thank you very much in advance.
