Dear 5.1.2e

Could I also ask you to elaborate who 5.1.2e is? I do not see her full name anywhere in the correspondence.

Best regards,

5.1.2e

Dear 5.1.2e

With regards to the pharma regulation I expect that we will be able to provide further elaboration within a short period of time. I also expect that we will be able to answer your question regarding the number of participants shortly.

With regards to the agenda item of "Post-COVID-19 condition" I would like to ask whether you could also elaborate further and potentially share anything with us in order for us to better prepare for the meeting.

Best regards,

5.1.2e

Dear 5.1.2e

I was informed by the Minister's secretariat that the meeting has been planned on Friday 10 February from 16.00 – 16.30. Did you receive this confirmation (and the Webex link) as well?

Currently on the agenda I think are:

- Short introductions
- Pharma regulation
- Post-COVID-19 condition – *as per our request*

If you have any other suggestions for the agenda, kindly let me know. It would help our preparation if we have some more guidance on what your Minister would like to discuss regarding the pharma regulation. If there is anything to share in this regard, it would be highly welcomed.

Lastly, I wanted to check how many people will be present on your side to support your Minister. We are planning to have 3 people

there to support Minister Kuipers [REDACTED] 5.1.2e
[REDACTED] 5.1.2e and me (Manager of nothing ☺). We would like to avoid having too much of an imbalance in support.

Kind regards,

[REDACTED] 5.1.2e

Dear [REDACTED] 5.1.2e

Thank you for your mail. I am happy to be introduced to you - and to hear that you have a special focus on the Scandinavian countries *

Also thank you for the contact details to the ministers secretariat. I will send a more formal request to them.

Best,

[REDACTED] 5.1.2e

Dear [redacted]

My name is [redacted] as [redacted] already informed you the Scandinavian countries are in my portfolio. Nice to virtually meet you!

Regarding the phone/video call with Minister Ernst Kuipers, our colleague at the Perm Rep in Brussels has today provided his Danish contact person with the following details to make an appointment with the Minister. To be sure you have all the information: the appointment can be made through [redacted] @minvws.nl, CC'ing [redacted] @minvws.nl. The Secretariat is aware of the request and will be happy to plan something as soon as possible.

We are looking forward to it.

Kind regards,

[redacted]

Dear [redacted]

Thanks for getting back on this one!

Indeed our minister has expressed interest in a phone/video call with your minister on the coming pharma regulation. I think they might have some views in common, but either way we would be really keen on knowing more on your position and share some thoughts on our position. And in general it would be good to introduce the ministers already now before EPSCO, I think. So the hope would be to talk as soon as possible, if you could be interested. I know this week might be a too short notice (but if it fits you, it would most likely be possible). Otherwise maybe week 8 (week 7 is vacation in Denmark)?

And yes, I am planning on being in Brussels 14 March also. This time we should try to get more than a 2 minute whisper out of it *

And let me know if you are not the right one to contact regarding the above mentioned bilateral between our ministers!

Best,

[redacted]

Hi 5.1.2e

Nice to have contact again, albeit virtually.
Looking forward to see you soon! Will you be in Brussels on 14 March?

You contacted me via LinkedIn, please find my contact details in The Netherlands ministry of health below.

It changed a bit since our Brussels years *

I also copy 5.1.2e who just started in my department and will be dealing with contact with the Scandinavian countries.

Kindly let us know how we can help you.

The Perm Rep already informed us about your minister Sophie Lohde wanting to speak to NL Minister Ernst Kuipers on the upcoming pharma package.

As you know a topic close to our hearts, so happy to schedule a call!

Best, 5.1.2e
