We have one request concerning the invoice (as we have also requested for previous invoices). Can you please provide us the batch numbers for the vaccin delivery related to this invoice? If possible, please include the batchnumbers on the invoices you send to us. We need this. in order to check the vaccin delivery.

Best regards,

5.1.2e

Onderwerp: COVID-19 Vaccine sale Invoice: Netherlands #900000217

Urgentie: Hoog

Dear All,

Please find attached invoice relating to recent Shipment of COVID-19 Vaccine Doses to Netherlands. We ask that you please reply confirming your receipt of this invoice.

Methodology used to calculate the exchange rate: We have used the Benchmark exchange rate USD 0.8297 for 1 Euro and applied the 5% Band limit per agreement, which results in the exchange rate USD **0.8712** for 1 Euro. Our accounting system is configured to use the inverse of the conversation rate to calculate the final invoice amount ($\text{USD/EUR} = 1/0.8712 = 1.149$).

Invoice Amount = Quantity of Doses * 5.1.1c conversion rate.

Please feel free to call / e-mail me directly with any questions.

Thanks,
