Onderwerp: Moderna - Meeting Invitation

Dear Minister De Jonge,

I hope this finds you well.

As you may know, Moderna has been working tirelessly to support governments around the world in the fight against the pandemic through the rapid development and manufacturing of COVID-19 Vaccine Moderna. As COVID-19 variants are hindering some of those joint efforts, we have once again endeavoured to take early action to rise to meet this new challenge.

With this in mind, please find attached an invitation for you and your team to meet with Moderna at your convenience to discuss the latest positive developments in our variant research. It would be our pleasure to have this opportunity to share with you the latest insights into the science and data behind our research, as well as answer any questions you may have.

We would like to emphasise that Moderna remains a partner to the Netherlands in the fight against the pandemic.

Thank you in advance for your time and consideration.

Kind regards,
