Dear 5.1.2e

I am a colleague of 5.1.2e and 5.1.2e of the Ministry of Health, Welfare and Sport of the Netherlands and I am writing you this email as a follow up of the email of 5.1.2e dated June 24, 2021 (see below).

I understand from 5.1.2e that we have not received any input on his previous email.
Could you please follow up the request of 5.1.2e ?

Further, I hereby attach the following documents:
- A first draft of the donation agreement with the Republic of Surinam and the State of the Netherlands in Dutch together with an unofficial translation thereof in English;
- The declaration of Surinam.

Due to the medical emergency in Surinam with a shortage of vaccines it is the intention of both parties to have the donation agreement signed as soon as possible, preferably by tomorrow, for reason that tomorrow a meeting is scheduled between the Minister of Foreign Affairs of the Republic of Surinam and the Deputy Prime Minister of the Netherlands.

Could you please be so kind to review the draft agreement?
It will be very helpful if you can send your remarks as soon as possible.
Please note that we insert all the relevant terms and conditions as mentioned in de APA applicable into this agreement.

Thank you for your cooperation and we would like you receive your approval of the donation agreement before 6 o'clock this afternoon (CEST).

I am looking forward to hearing from you.

With kind regards,

Dear 5.1.2e

Thank you for your e-mail of 21 June.

In the meantime, I learned that pursuant to article 1.4.6 of the APA, Modena's consent to the donation of vaccines may depend on whether or not Surinam is ready and would be able to comply with Modena's reasonable requests.

Would you be able to indicate what such request might be, thus allowing us to quickly discuss these request with Surinam?

I would like to add, that such requests will most likely be time critical. We expect that the Netherlands and Surinam will fairly quickly be able to meet the other conditions of article 1.4.6.

Kind regards,

5.1.2e

EXTERNAL

LS,

As mentioned by my colleague 5.1.2e, The Netherlands is planning to donate a small batch of Moderna vaccines to the Republic of Suriname given the medical emergency that is present there due Covid pandemic.

We kindly request you to indicate what process steps needed to achieve effective delivery of the vaccines.

Met vriendelijke groet, Best Regards,
