Dear all,

Last Tuesday, I circulated a document that we hoped could replace the "Donation Commitment" form, which is not sufficient for the Netherlands because it doesn't bind other parties and doesn't protect the Netherlands. After consulting with Gavi and Norway on Wednesday, we have adjusted the document in order to simplify the procedure. I'm delighted to send you the version attached and I'm confident that this will help us to reach agreement – and for us to start donating to COVAX through France – soon! I will send you an invitation to discuss the document this Monday at 13.30h. Let's have an open discussion then. But first: enjoy your weekend!

Kind regards,

5.1.2e
