Onderwerp: COVID-19 Vaccine sale Invoice: Netherlands

Dear [REDACTED] 5.1.2e

I hope you are doing well.

Please find attached invoice relating to Shipment of COVID-19 Vaccine Doses to Netherlands. We ask that you please reply confirming your receipt of this invoice.

Methodology used to calculate the exchange rate: We have used the Benchmark exchange rate USD 0.8297 for 1 Euro and applied the 5% Band limit per agreement, which results in the exchange rate USD 0.8712 for 1 Euro. Our accounting system is configured to use the inverse of the conversation rate to calculate the final invoice amount (USD/EUR = $1/0.8712 =$ [REDACTED] 5.1.1c).

Invoice Amount = Quantity of Doses * [REDACTED] 5.1.1c / 1.14784 conversion rate.

Please feel free to call / e-mail me directly with any questions.

Thanks,

[REDACTED] 5.1.2e
