[minutes TC VITAL WP2 9 april 2020 V2.docx](#)

Dear all

Thank you for participating in the TC last week. Hereby I send you the minutes and for those who could not follow the discussion at the end, a more detailed explanation of the purpose for an inventarisation of COVID-19 research questions. We'll keep you informed on the progress of the clinical trial. An invite for a TC on the 19th om May (our original F2F meeting) will follow.

All best and take care!

Dear all,

Please also find enclosed a short presentation with the update of the clinical trial.

Speak to you later!

5.1.2e

From: 5.1.2e

Subject: RE: doodle for next TC WP2 VITAL

Hereby the agenda and 2 documents that we need to fill to draft a document for IMI on the impact that COVID-19 has on our project.
One is a short overview on our tasks and short indication of the impact. The other is a bit more in detail on specific risks, mitigation and consequences for budget.
Also I indicated opportunities for COVID-19 specific research questions in the clinical study. If there are others, lets discuss and add them.

- Short overview current status clinical trial
- Impact COVID19 on trial
- Discuss mitigation plans and effects on antibody and T cell analyses of the M6 follow-up of the flu vaccination

- Possibilities to integrate COVID-19 research ideas in our cohort

Dear all,

please find below the details of our TC of next Thursday. hope to speak to you then!
 agenda and document in preparation will follow tomorrow: most important issue is to list the risks of the current COVID-epidemic and how we can mitigate them, but also to include opportunities.
 I will have a few ready, but if you can already think about these, we can discuss further on Thursday..

thanks!
